Customer Reviews

While the information is very good, the conversion of the book to Kindle is terrible. A couple of the images in the book are presented as computer hieroglyphics on pages 8 -10. Can't tell you the exact page because page number for page 9 is missing. Pagination is off with page numbers appearing the the middle of the viewed page, and only every other page number being noted in the middle of the text. I have viewed this book on a mac-mini and an iPhone 7 plus with the same results. Too bad - the book has good historical information.

I can sum this book up in one word, EXCELLENT!!

Outstanding! Should be read by every student. Gives you the heart of a great man. A great american and southern gentleman.
