Customer Reviews

Pages perfect. Small scrape and sticker backing on spine cover area.

Fine book for those interested in the history and use of some of the greatest of hymns - both Catholic and Protestant.

I am definitely a fan of Father George Rutler. This book confirms my claim that people who take the time to read and learn about the beauty of sacred music will ever be better for it.

Father Rutler is a very great writer and uses language beautifully. This book is wonderful not only for its historical value but also the inspirational, it will give you a great insight into the true meaning of "Sacred Music" and a desire to investigate further the great treasure of church music, which has sadly been ignored, suppressed, and replaced by cheap TV like jingles. The History of Western Music begins with The Catholic Church. Father Rutlers command of the English language is unequalled and may I add is a lesson in writing as an art form.
