TOC, Chapter 1

This book really helps me to attain my dream, to become a US Citizen...it contain helpful tips about US History.

I got this book to help my husband study for the citizenship test. The so-called lessons on US history and government do NOT cover the necessary information. The only useful part is the list of questions, which you could get anywhere. The part about forms tells you nothing you couldn't figure out yourself. Ask a friend for advice and get a smartphone app, and save your money on this book.
