## Customer Reviews

I absolutely loved this book when I was planning my wedding. The check lists to make sure that nothing could be forgotten, even things I never would have thought of myself. It helps keep a frantic bride, calm and in order! I would definitely recommend this book for bride's to be!

There was no section on making sure you'd chosen the right husband. Otherwise, it was good. Really helped organize details.

I bought this as a gift for my sister when she got engaged. It's a great reference for someone who can't afford a planner

Some good information in this book, but should have been spiral bound and possibly organizing pockets inserted throughout so would have made it easier to organize. I would not buy this book again due to the facts written.

Great product - I purchased one when I planned my wedding so I ordered it again as a gift for a very good friend and of course she loved it as well.

I got this book for a guideline to my best friends wedding. It had a lot of helpful ideas in it.

Loved this book!!! The book title says it all!! love this book. I will definitely give this to my newly engaged friends!

This is a short, quick book that stays on track with all the must-haves, must-asks, and must-dos of wedding planning. You should pair this with something more flowery if you want to get into the gorgeous details of your wedding, but this is a basic essential for those of us who didn't want to forget anything! I used this to make my own checklists, agendas, plans, schedules, etc. in Microsoft Word and Excel (but you can also use the book as is). Useful highlights: detailed budgeting, what to register for, hiring vendors (checklists and comparisons), how to run the ceremony, food, transportation, even changing your name post-wedding. I liked getting all of this info in a quick, light-weight, small format. This should be an essential part of your wedding arsenal.
