2017 Condominium Bluebook

Synopsis

In its 29th year of publication, the Condominium Bluebook for California is a comprehensive guide to the Davis-Stirling Act, renumbered and revised, and all the relevant laws that govern condominiums and planned developments. This over 500 page resource is a road map to the legal side of common ownership and being an informed member of a homeowner association in California today.

Customer Reviews

now I know what to expect from our property manager!

Essential reference for all HOA management and board members.

I find the information to be clear and easy to read. As a new member of the HOA this has helped me learn. However, I'm giving it a 4 star because it is only available electronically. It was great to read straight through, but I find it cumbersome to go back to previously read sections or flip between sections.

This covers the the Davis-Stirling act and the corporation law applicable to HOA's in California. If you are a board member it's a life saver.

Every condominium homeowner, HOA and HOA Board Member should keep one handy!

This is a really good reference book for condos and their needs.
