Its just what I expected.

Does what it claims. Nothing exotic. Thought the paper would be a bit thicker, but my 9 year old daughter has done a good job of not jabbing her finger through any of the empty holes for coins, so that is promising. I have seen the "children's Washington quarters national parks" book and it is bigger and more interesting for children. I should have purchased that one instead, but chose these

because I could create a coin collecting "set of books" pennies through quarters.

great

Is what it says. A great way to show off these cool quarters. By the way, to get them in the circular slots, simply roll the claw part of a hammer over the coin and it slides right in.

Disappointed in the size, and had a hard time placing coins in slots.

Needed a new one and this 'Harris' branded folder is the same great quality as always.

Great way to store your quarters in a quick and easy way. Very convenient item, have to be careful not to rip it!
