Our Study Guide for the ISEE Test Is Unlike Any Other! If you'd like to get the ISEE score you deserve, to quit worrying about whether your score on the ISEE is "good enough," and to beat the test taking game, then this might be the most important message you read this year. Our comprehensive study guide for the ISEE is written by our ISEE experts, who painstakingly researched the topics and the concepts that you need to know to ace your ISEE. Our original research into the Independent School Entrance Exam (ISEE), offered by the Educational Records Bureau (ERB), reveals the specific content areas and the essential skills that are critical for you to know on the ISEE. We've taken the information and developed a study guide that is guaranteed to help you be successful on the ISEE. Now, we know you may be skeptical, so let us give you three good reasons we can back up what we claim: The Three Reasons To Believe What We Say

The First Reason: Our company's name is Mometrix Test Preparation, and we have a team of standardized test researchers who have worked on developing our study guide for the ISEE. The standards for who gets to work on the team are very strict- we demand the best for our customers, and only those who met our exacting standards made the cut. The dedicated research staff have

years of combined experience in mastering the content and skills necessary to succeed on the toughest exams.

The Second Reason: Some academic studies have revealed that test takers do not really benefit from the traditional test preparation process. But we knew there had to be a solution- if test takers were not doing well on the ISEE despite high intelligence, there had to be a set of secret keys to the test that would open the door of success for these test takers. We believe we have succeeded in finding the secret keys of the exam. What we found was surprising, and in some cases ridiculously simple once explained to the average test taker. We put the findings together in a thorough, concise study guide that we believe allows any test taker, at any skill level, to improve his or her results dramatically with a minimum of effort.

The Third Reason: We created the product in part because we were frustrated by the options available to test takers who really wanted to do well on the ISEE. A common approach is to TEACH the material, instead of TEACHING THE TEST. That's not necessarily good enough for the ISEE- you have to know how to apply the knowledge. Most test takers already have a general knowledge of the material that will be covered on the exam. One reason some test takers do well on the day of the test is that they have made the critical connection between the material they learned and how to use the material to succeed on the ISEE. Our guide addresses the difference between merely knowing the material and knowing how to use the material to perform on test day. You're going to save time, money, and aggravation. You'll learn to avoid the mistakes and the bad strategies that you've been vulnerable to. --Just for starters, here are some ways our product can help your score on the ISEE...

The Exclusive Test Taking Techniques Shows you super speed methods to get through the questions you know with ease- Saving you time so you concentrate on the hardest questions without rushing

Keys to questions that "give away" the wrong (or right) answers- You get credit for some of the questions without really even knowing anything about them

Details the EXACT STUDY PLAN for the ISEE that we believe gives the most results in the least time- No matter if you're studying for a week or a month, you won't waste the precious study time you have on useless activities

Get quick, customized help for the questions you have- just send us a quick email and we'll get back to you promptly with the answer.

Empowers you with a key word searching tips that will let you save more time than you thought possible- You won't be wasting precious time anymore scouring through paragraphs, but will immediately be able to find exactly what you are looking for

Allows you to recognize critical "switchback" words - You'll understand their significance so you're not caught off guard

Our researchers are more than just academic theoreticians who understand the technical nature of standardized tests, but are also experts on test taking itself- they reveal the exact skills and the information you'll need to perform under pressure during the test.

A systematic analysis and the best

breakdown into "plain language" of how to deconstruct and master mathematical word problems- You turn word problems that most students stumble over to your advantage Prepares you for the "trap of familiarity" that is waiting for you - You'll see right through this pitfall Gives you simple explanations for those hard to remember mathematical facts - You won't make some of these careless oversights anymore Learn why, when, and how to guess to your advantage. Many test takers use exactly the wrong strategy, but you can avoid the pitfalls with the help of our standardized test experts The secret keys that "gives away" the right answer a lot of the time- You know the special "flags" and the specific "giveaways" to look for Our quick problem solving method for the problems with variables- You speed right through these notorious time-wasters Shows you how to brainstorm your way through any topic you're faced with on the ISEE Essay - You won't struggle to come up with ideas anymore The most efficient and accurate method for picking the right answer on the Verbal Reasoning questions- You won't be puzzled trying to read the mind of the test question writer, but will instead know exactly what to look for to pick the best answer Warns you of the "fact traps" to watch out for - You won't fall prey to these easy to miss questions Provides you with a system for predicting answers before you even see the choices- You'll be amazed at what you already know The 1-2-3-4 Method for Writing a Knockout Essay- You follow this simple method and the feared essay section becomes child's play A comprehensive Mathematics Review written in some of the easiest non-technical language you've ever read- You get a "plain talk" refresher on the most critical areas you will need to master for the ISEE Quantitative Reasoning Test Includes instructions detailing the best way for you to get started with your preparation efforts so you can begin the path of improving your scores immediately Courteous, unlimited customer service is 100% free- if you need the product emailed to a different address, lose the product, or have any other difficulty- --the help you need is just a short email away. Our representatives are active 7 days a week helping customers The research of our team of test experts is 100% independent and original Now, you're probably wondering how and why we can do all the things we claim. Let us explain. Before we go any further, let us clarify what ISEE Secrets is not. It is not a stale rehash of all of the things you have already learned in the past. ISEE Secrets is our exclusive collection of the tips and the information that we have specially selected to give you the best results on the ISEE for the least time spent studying. It's written in everyday language and is easy to use. We cover the 5 essential skills necessary to do well on the ISEE, plus comprehensive reviews covering the Essay, Verbal Reasoning, Reading Comprehension, Quantitative Reasoning and Mathematics Achievement tests individually. Don't take our word for it. Listen to what our customers say about other Mometrix test preparation products. I purchased the Secrets file, and I just wanted to let you

know that I got a 99% on my test. I just want to thank you again, and hope you have continued success in your ventures. Sincerely, Paul L. My name is Chris. I used the Secrets study guide for five days. The study guide made the test so easy to understand. Like you said this program is worth 100's of dollars. To me 1,000's!! THANKS, Chris G. I just had to thank you guys for the test prep! I bought the guide as a last minute prep, I mean maybe 5 hours before the test. Like I said, I had ZERO preparation! I was nervous about the test let alone receiving the score I needed. I read the guide through only once before test time and needless to say, the only way I passed was thanks to your refresher!! Brian Just dropping you a note to let you know that I am completely satisfied with the product. I had already taken the test once and landed in the 75 percentile of those taking it with me. I took the test a second time and used some of your tips and raised my score to the 97 percentile. Thanks for my much improved score. Denise W. I heard about your website from a friend. I am enrolled in a review course, and in hindsight, I wish I wouldn't have taken my review course and instead spent a fraction of the money on your program. Thank you! Zac L. You get at least 10 times your money's worth! --When you consider what's at stake with the exam, we believe the value of our study guide gives you at least ten times your money's worth.

This is a great study guide, and worth the price. I particularly like the concise review of the material needed to be covered, and the explanations of the grammar and math practice questions. I would have liked to see a larger book, with more practice tests, and more examples explained. Perhaps as the years progress the authors will add to the book and enlarge upon the great star which has already begun.

I just got the book, but I like the layout and ease of use. I'm happy to see a practice test is included. The language seems a bit difficult for fourth and fifth graders, but it will help me prepare my kids.

Great material to start with our preparation for the coming test.

I was asked to review the study guide so I think the biggest issue we have for this guide is that we wish there are way more questions for us to practice. It's good to have the study strategies section but it's as important, if not more, to have practice sections.

It covers so much essential information. Although I haven't used them yet, the links for additional videos seem like a good way to get the information in another modality. I find sample tests most

helpful because it gives us an idea what kind of questions and how well we might do as is.

Specific for lower level, keeps you from sorting thing out like in some of the other books like Kaplan (where they have all levels in one book and often intermingled with other levels)

Best exam prep book we ever bought! Loved the review videos, the explanations and the exercises. Other books are bigger, but this one is so efficient and effective. We'll be buying the the higher level ones for sure!

Very organized and easy to follow. I am already very excited to study with this book.
