## **Customer Reviews**

We are not Catholics and we love this book as my whole family always wondered what was behind a Saint's Name. Now we look into this book everyday to see if there was a Saint named for that Day and how he became to be one.

I'm not sure if I received the correct book. The cover is different, and also was damaged. The number of pages is 320, not 300 as stated in the description. Also the page tops have been marked with a wide streak of green marker. I question whether this book is even new. Not going to return it, though, I will probably donate it as the opportunity arises.

Both of my kids have always asked questions about the saints in the Catholic Calendar, and since I do not know all of them by heart I got them this book. They liked it because it is easy to read and keeps them entertained so they don't get lost in the descriptions. There is enough information for them to assimilate and keeps their curiosity alive so they can do more research which is totally fascinating to both of them.

Very good reference that I use frequently! Had this same one before, lent it out and did not get it back. I was happy to see I could still purchase it.

This is a nice little book. It's easy to move around, pack, have handy on your end table next to the chair you watch TV in. I like that very much as easy access means I will read it more. I highly recommend it.
