It wasn't what I had hoped for. It's a small book and the pages are not big enough to put into a binder.

I suppose it's what to be expected for a penny. There is writing in the book. It's still a good book considering; good condition. It's definitely readable.

Great help to me as I was planning and budgeting my daughter's wedding. I recommend to everyone wanting to save money on their wedding.

Being on the other side of the country, it is difficult to help our daughter prepare for her wedding. Sending her this planner is one of the best things we can do to help her organize this big event, especially since we are doing this on a shoestring! She loves the guide.

Wonderful!!

This book is somewhat useful, but I found it disappointing and I am returning it. It is comprised of

mostly forms and blank pages to write notes etc. I can but a notepad for that! Some hints are helpful, but this is not the book for me.

I purchased this book as a gift for my future daughter in law. This book was listed as "NEW" I gave her the book as soon as I received it-I should've checked it first because today she asked me who all the people were that were written down in the book (in INK) on the lists. I did not write in this book, clearly this was not a new book but one that someone else had before & started filling it out. I purposely chose this one because it said NEW, what a disappointment

Diane Warner has been there and done that. She has alternative tips for ways to have a dream wedding without going into Ch. 11. Her ideas don't seem "chintzy." According to Warner there is a whole universe of talented friends out there, from florists to photographers to musicians. If you like her book, enjoy NOTES FROM THE M.O.B. (mother of the Bride) by Sherri Goodall, great ideas and humor from the POV of the mother of the bride.
