Knitting Without Needles: A Stylish Introduction To Finger And Arm Knitting

Synopsis

Who knew you could actually knit without needles? Put down those complicated knitting projects that take forever to finish. *Knitting Without Needles* brings cool home, gifts, and clothing accessories--cowls, totes, rugs, poufs, scarves, and more--within arm's reach. An all-in-one resource for a new kind of craft, this book shows you how to loop yarn with your fingers or your forearms with thirty patterns that are simple to follow and produce stylish results. Best of all, many of them knit up fast—in less than an hour! Even if you've never picked up knitting needles, you can easily master the techniques to make fun knits with kids and for kids (a princess crown, baby booties) and even last-minute gifts (a statement necklace for your fashionista friend). With stunning photography, plenty of step-by-step photos, and a detailed resource section, *Knitting Without Needles* is your go-to for a new way to knit.

Customer Reviews

"This book is a must-have for anyone who wants to create something functional and beautiful from the heart without investing in expensive tools, endless supplies, or clunky machines. You only need your hands, some wool, and the projects in this beautiful book. I'm not a knitter but after seeing the stunning photos of Anne's projects and reading her supportive words, I'm definitely giving *Knitting Without Needles* a try!" —Holly Becker, author and founder of decor8blog.com

"A beautiful and very crafty new book . . . Anne Weil shares stylish patterns

that are incredibly simple, but yield gorgeous DIY results. Stay warm and cozy while you're knitting!" —Victoria Smith, founder of sfgirlbybay "If you've ever wanted to try knitting but feel a bit intimidated, then this book is for you because it's made for non-knitters and knitters alike! The projects are totally doable, and because so many of them use big yarns, they make a big impact. When you're thinking about making gifts for the holidays, this book is a fantastic resource for easy and quick projects. And Knitting Without Needles is a great way to bring chunky knits (which are all the rage!) into your home without the big price tag." —Gabrielle Blair, author of Design Mom: How to Live with Kids: A Room-by-Room Guide "It's not often a book comes along that furthers the knitting experience in such a novel way. The innovative techniques in Knitting Without Needles present an armload of new possibilities and may expand your notion of knitting way past its current horizon!" —Joelle Hoverson, author of More Last-Minute Knitted Gifts and founder of Purl Soho "This appealing guidebook filled with photos teaches readers a simplified knitting technique that involves using fingers and forearms to make gifts, clothing and accessories (perfect for the holiday season)." —Alaska Beyond Magazine

Anne Weil is the creator of the DIY blog Flax & Twine and a designer of craft, knit, and crochet patterns that have been published on sites such as Design*Sponge, Design Mom, Apartment Therapy, and the Huffington Post. She is also a member of Martha Stewart's small team of craft freelancers, producing monthly projects for the brand. Anne teaches knitting classes nationwide at art retreats, local yarn stores, and online at Creativebug.com and Craftsy.com.

Such a fun, original book! The author provides really interesting, unusual projects, and not all even use yarn. I am very excited about working with this book as a total newbie to the concept (I don't even knit well WITH needles!).

I love the idea of this and have arm-knitted a great quilt. The instructions could probably be a little bit clearer, and most of the projects in the book are just things that I would never want to make.

This book is beautiful and so easy to read! I was looking for something that provided more than the standard arm-knit projects that I already know how to do and there are so many different items you can make for your home, kids, or to wear!

Gave this as a Christmas gift but chose this book because it had some clothing fashion projects and

mostly home fashion projects. My son-in-law is very good at knitting; he says it relieves stress.

I love this book. I am learning a lot and find it very useful. Ann Weil is very good at instructive writing.

my attempt at learning to knit. i dont do well with needles so i thought i could learn without needles. the instructions are easy. well written. the ease at which you can learn this is great. i have learned to make some things and enjoy using this book. i would reccomend this book.

Clear directions. Tons of inspiring, modern ideas. Beautiful pictures. Started playing around with yarn I have lying around the house and can already see myself making a million different things with it. Love that it applies knitting to contemporary projects that feel like they came out of the pages of Kinfolk. Love this book!

I really like this book! The projects are great and easy to follow. My only complaint is that most of the projects require a lot of yarn and can get pricey if you aren't careful.
