How To Restore Classic Farm Tractors: The Ultimate Do-It-Yourself Guide To Rebuilding And Restoring Tractors

Synopsis

Finally! A restoration guide with the kind of detail needed for a first class job. How to Restore Classic Farm Tractors is packed with hundreds of helpful full-color photographs, proven tips and techniques, and money-saving advice from restorers who know what works . . . and what doesn't. This guide will walk you step-by-step through the complete restoration of your tractor from disassembly to engine rebuild, from electrics to painting and final detailing. There's even a handy section on parts sources. So, no matter if you favor John Deeres, Fords, Farmalls, A-Cs, or Minnie-Mos, with Gaine's guidance you're well on your way to showing off your shiny "new" classic tractor! Tharran Gaines has specialized in agricultural writing for the past 25 years. He has written owners' manuals, repair guides, and sales brochures for most of the major tractor companies, such as ACGO's Allis-Chalmers, White, and Hesston lines.

Customer Reviews

Farm & Ranch News, May 2005 (circ.:19,350) “Contains hundreds of helpful full-color photographs, proven tips and techniques, and money-saving advice from restores who know what works – and what doesnâ™t.â•

Tharran E. Gaines has written on agricultural topics for 25 years. He has written owners' manuals, repair guides, and sales brochures for most of the major tractor companies, such as ACGO's

Allis-Chalmers, White, and Hesston lines.

Good Book on Tractor Restoration. The section on body work and parts fabrication is especially useful.

good tips

This book is great and easy to use. My husband and sons have enjoyed reading it and putting it to use. I wish we had this book years ago. High recommend to any tractor collector and anyone thinking about it.

My 1948 John Deere is a work in progress. Will evaluate this book further in 4 or 5 years when my restoration is complete. Any eval right would be a bit premature.

I recently inherited an old Oliver Tractor that needed some work and this book helped a lot in doing so. This book is wonderful for tricks working with tractors that I did not know from automotive applications. If you are considering restoring an old tractor or are currently this book is a huge help and aid for doing so.

I like it.

When I buy a book with the description "used - very good" , I expect a book in better condition than this. I am very dissatisfied. This book would be a gift to my brother's 70 year day, but this is so bad that I can not give him this.
