## Customer Reviews

My 6 yr old son loves this series. Great way to engage a young PokÃ©mon fan in series books. He will sit with these longer than any other reading material.

GREAT for kids who aren't thrilled about reading novels. These are comic book style and you have to read them from back to front.

My son will only willingly read when I order him books from this author. He loves them and is now reading without me having to even ask. Great for all pokemon lovers

I bought this item for my youngest grandson and he was thrilled when he received it.

My son can't get enough of these books!

GREAT

For when you wish your video game-obsessed child would actually pick up a book instead. Our 12 year old grandson is a big Pokemon fan and really enjoys these.

Nice set great shipper
