Customer Reviews

As with lots of musical arrangements, it's hard to know ahead of time what level of difficulty the arrangement is. This one is better suited to early intermediate pianists in my opinion. It was my hope that it would be late intermediate to advanced, but my piano partner and I will still enjoy playing it and including it in our piano repertoire.

These are best for intermediate pianists; advanced pianists who can handle more difficult music will be disappointed.

Arrangements are disappointingly simple.
