100 Activities Based On The Catechism Of The Catholic Church, For Grades 1 To 8

Synopsis

Sometimes when teaching children an aspect of our Catholic Faith, it is helpful to have a special activity to reinforce the lesson. They need exercises that train the mind or move the heart. For this reason, Catholic teachers and parents will appreciate these one hundred thoughtfully crafted activities drawn from the new universal Catechism of the Catholic Church. The worksheets, memory games, Bible studies, etc. in this book require little preparation or materials and are designed to supplement any catechetical text or program for children in grades 1 through 8. Though simple to use, these exercises uncover some of the depth and richness of Catholic doctrine and practice. Topics of the activities are organized according to the four pillars of the Catechism -- Faith, Sacraments, Morality and Prayer. Each activity is self-contained, perforated to tear out and reproduce for group use. Whether it is memorizing the Creed, understanding the Bible, or learning to pray, these exercises will enrich the faith of children and those who teach them.

Shipping was fast, and the book was very clean and exactly was I was hoping for.

I got this book to supplement the religion class I teach. I actually specifically got it for some of the Creed resources--and those were the pages that were missing. Otherwise, there are other helpful worksheets included.

very useful activities. most children respond to lessons when there are activities involved. after the

activities, i relate the activities to our lessons.

Everything I expected and more

This is a nice book, but I thought it would be more substantive. I was hoping the book might help me come up with ideas for teaching my religious education class, but found the "activities" consisted mostly in little tear-out worksheets. Especially for the lower grades, the "activities" might be just a little coloring page, for example, that illustrate a lesson you have to come up with yourself. So it's a fine companion to reinforce what you're already teaching, but it won't inspire you to come up with a lesson plan.

Nice ideas for 1-8t grades. Easy and varied project sheets. I like that it gives other options for a class.

My dad got me this when I was in elementary school (I'm now in college). We've moved since then and couldn't find it. I bought this for him and it reminds me how I learned my 10 commandments, sacraments, and all those things with the activities in here. Learning them this way sure helps it stick in your mind!

I find most of the activities great for the specific grade levels. Unfortunately, this book has not been updated with the mass changes made two years ago in the Catholic Church specifically the Nicene Creed activity. But overall you can use these activities...I certainly will.
