This is a terrific choice for collecting the National Park Quarters. I especially liked this one because of the two mints that you can collect. The price was great and it arrived much sooner than expected.

I love this National Park Quarter folder. This is one of my favorite in my collection. I have several different quarter folders and this is one of the better ones that I have. Coins fit in perfectly and they stay in.

Comes exactly as described with a few extra places for more quarters at the end of each section, which is nice because I didn't have anywhere to put my territory quarters...ya, I'm a dork

I am really impressed with the quality of this coin folder. I bought some cheaper ones, and ended up returning them. This one is very nicely designed and printed.

Great book to store and display your National Park Quarters! The holes are sized perfectly to hold each quarter snugly and they don't seem like they'll fall out any time soon. Good buy

It is the perfect size. Its much smaller and fits into the bookcase. However I wish it had room for the San Francisco mint quarters as well.

Ehhh.... Above all great product but if you really want to collect double quarters (Philadelphia and Denver). But if you prefer only keeping one of the quarter regardless of the "make" then do not buy. Does not include 2009 quarters at all. For example, it has DC, but not the 2009 one. Guess there will be more DC coins coming out in later years.

Like it a lot
