Scarlet And Black: Slavery And Dispossession In Rutgers History

Synopsis

The 250th anniversary of the founding of Rutgers University is a perfect moment for the Rutgers community to reconcile its past, and acknowledge its role in the enslavement and debasement of African Americans and the disenfranchisement and elimination of Native American people and culture. Scarlet and Black documents the history of Rutgers' connection to slavery, which was neither casual nor accidental nor unusual. Like most early American colleges, Rutgers depended on slaves to build its campuses and serve its students and faculty; it depended on the sale of black people to fund its very existence. Men like John Henry Livingston, (Rutgers president from 1810-1824), the Reverend Philip Milledoler, (president of Rutgers from 1824-1840), Henry Rutgers, (trustee after whom the college is named), and Theodore Frelinghuysen, (Rutgers' seventh president), were among the most ardent anti-abolitionists in the mid-Atlantic. Scarlet and black are the colors Rutgers University uses to represent itself to the nation and world. They are the colors the athletes compete in, the graduates and administrators wear on celebratory occasions, and the colors that distinguish Rutgers from every other university in the United States. This book, however, uses these colors to signify something else: the blood that was spilled on the banks of the Raritan River by those dispossessed of their land and the bodies that labored unpaid and in bondage so that Rutgers could be built and sustained. The contributors to this volume offer this history as a usable one not to tear down or weaken this very renowned, robust, and growing institution but to strengthen it and help direct its course for the future. The work of the Committee on Enslaved and Disenfranchised Population in Rutgers History. Visit the project's website at <http://scarletandblack.rutgers.edu>

Customer Reviews

"A sweeping new report reveals ties to slavery and the displacement of the Native Americans at one of the countryâ™s top colleges. The findings about 250-year-old Rutgers University were published in a new book, "Scarlet and Black, Volume 1: Slavery and Dispossession in Rutgers History." It details the history of some of the institutionâ™s founders, presidents and trustees as slave owners, anti-abolitionists and participants in slave trading. Rutgers is one of several colleges and universities across the country now grappling with their historical ties to slavery, including Georgetown, Yale and Harvard. For more, we speak with Marisa Fuentes, director of research for the team that produced "Scarlet and Black." She is an associate professor of womenâ™s and gender studies and history at Rutgers."View the entire segment aired on Democracy Now!

<https://www.youtube.com/watch?v=3I8EAk1s xvQ&feature=share> (Democracy Now! 2016-11-22)"A number of colleges across the nation are taking steps to confront their own historical ties to racism and slavery, and one of those is Rutgers â™ New Jersey's state university. Last week, the school published a book called Scarlet and Black, Volume 1: Slavery and Dispossession in Rutgers History. Among other things, the report details how some of the university's most prominent figures participated in the slave trade, and how Rutgers benefited from the displacement of Native Americans from their lands. WNYC's David Furst spoke with Rutgers history professor Deborah Gray White, who chairs the Committee on Enslaved and Disenfranchised Populations in Rutgers History, which undertook the work of writing the book."
