Customer Reviews

I have been watching General Hospital since the beginning, which started in black and white. Was very excited to receive this book and it didn't disappoint. Loved going back in time with the characters and storylines. Especially the characters that are no longer with us. thank you for the Memories. the book was also in excellent condition.

First off im 40 years old this year. that said in the 1980's i grew up watching General Hospital. You see back then in the early 1980's we had no cable. So when i got home from school my mother would be watch abc daytime soaps. So in effect we were forced to watch General hospital. Man i got hooked even as a 10 year old on out. the Luke and laura, Quartermaines, Frisco and felicia, Robert Scorpio and Anna Devane. Let's not forget Duke. from 2000 on the soap like others went down hill. I ordered the General Hospital Scrapbook and hoping sometime in the near future some classic Dvds of General Hospital is made.

Purchased as a gift for my Mother who has been a General Hospital fan since the early 1980s. She enjoyed reading about the years before she began watching, and is now engrossed in the stories about the episodes that had her glued to the TV. The photos are so nostalgic!

I just got this book in the mail for my mother today and she loves this book very much. The details and everything in this book is truly the best. If you are a very big fan of General Hospital this is the book to get.

Loved all the info in the book and the pictures. Not enough about Sonny, Carly, Elizabeth, Lucky, and some other people who were on the show.

I chose this item as a Christmas gift for my mother this past year. She has been watching this soap opera since the 1970s and I thought she'd enjoy this great piece of memorabilia. I was extremely happy to find it here on because the book itself, in 1995, retailed for \$35.00...whereas on here, several years later, I found it for \$0.92. The shipping was a simple \$4.00. How wonderful is that??!!

This is a great book for GH soap fans has little stories from each season of the soap from the beginning into the 90s. entertaining easy read great way to reminisce about the old episodes and stars. I love it. great for any GH fans check out for great service and selection with a price that's right.

My mom was a huge fan of the show until she had to work for the next 25 years. This helped her recap on many of her favorite experiences with the show and catch up as well
