Kim Schaefer has been an avid quilter for 25 years. Sheâ€™s a popular fabric designer and she creates patterns for the Little Quilt Company, which she founded in 1996. Kim is one of C&Tâ€™s best-selling authors-this is her 9th book. She lives in Wisconsin. littlequiltcompany.com

I heard if you download this book you could import the PDF files into your Silhouette software and cut the fabric using the Cameo. It worked.

This is not a book. This is a pamphlet of the patterns.

Great pictures for fabric layout. Instructions include breakdown of colors and yardage requirements for top, back, and binding. This book does not teach applique. It assumes the reader/user already

knows her preferred method of applique.

Love Kim Schaefer's designs. I have others of hers. Great service!

This is a 'resolution' for me this year. I will try to make at least 3 of these! And do the rest ASAP, so I can use them in my house. They all look to be within my 'skill level'. Now I need to MAKE myself make the time to do this!

Am very happy with the book. I have 1 placemat done and looking to start 2 more.

I love it!!

Love this book. I plan on making one of each (maybe 2!) of all of these patterns. Very colorful and instructions are easy to follow.
