Chris Malone has had hundreds of designs published in industry magazines and is the author of Hooded Scarves & Gloves; Pot Holders, Pinchers & More; Sew Easy as Pie; Sew It in Minutes; and Sew Trendy Fashions & Accessories. She lives in Lebanon, Oregon.

I bought this book because I wanted to learn to make the 3D poinsettia flowers but what I really like is how it shows you how to use the same ideas in more than one way. For instance the placemats can be turned into table runners, and the poinsettia pattern can also make sunflowers. There are fold out instructions pages, and detailed sewing instructions. I love the coaster ideas and even an inexperienced sewer could easily make them; the table runner on the cover would be a project for a

more experienced one so there is definitely a range of interesting projects included in this pattern book.

Love this book, already started making some and have bought material for more. Shipment was quick and everything arrived within a week, and everything in good condition. I highly suggest this book.

I really like this quick and easy book. It is great for all seasons. Very easy to follow directions. You can change the patterns to other seasons as well.

This book isn't very big but it is packed with a lot of different patterns for table toppers. I was very pleased with this book.

Very cute ideas, easy to follow.
