Customer Reviews

I really enjoyed this book. Teen Mom is my guilty pleasure as a 36 year old professional working wife and mom. I read The Ashley's blog regularly and have read a few of the Teen Mom's books. Teen Mom Confidential had a lot of information that I had not heard before. It was really interesting

to me to have the backstory on these girls and their families that brought them to this place. I really feel like Ashley does her best to give the full unbiased information and has reliable sources that she draws from. I like that some of the info is directly from the girls themselves or from family members that are involved directly. Not just "a source close to..." or someone who thinks they know. Great job Ashley. Keep up the good investigative work and thanks for feeding my guilty little secret!

if you have ever watched the show or the news or magazine you already know everything in this book. Do not waste your time

It was ok a lot of information on the girls easy read not sure I would recommend it to others

It is an easy read but was dissapointed it didn't contain much more than we had sleuthed the net on our own. Still a nice read.

Old episodes....nothing you haven't seen on TV and some never hit the TV screen

I really liked certain parts of this book, that you could read things and opinion from both sides of the stories. The pictures were a nice touch too.

Interesting read if you're into the Teen Mom series. Some of the stuff will get dated pretty fast as stories about them get out there pretty fast.

Quick read with tons of information about all the girls. Includes some stuff that was never seen on television as well as info about the girls that DIDN'T go on to Teen Mom. Excellent for fans of the show.
