The Apostles' Creed For Today

Synopsis

This volume in the popular For Today series, written by the highly respected theologian and author Justo González, explains the familiar Apostles' Creed in easy, accessible language. González explores not only what the Creed meant in the early centuries but also its ongoing importance and relevance for Christian faith and practice today. The For Today series was designed to provide reliable and accessible resources for the study and real life application of important biblical texts, theological documents, and Christian practices. The emphasis of the series is not only on the realization and appreciation of what these subjects have meant in the past, but also on their value in the present--"for today." Thought-provoking questions are included at the end of each chapter, making the books ideal for personal study and group use.

Customer Reviews

Justo L. González is a noted and prolific historian of Christian thought and the author of many books, including Essential Theological Terms, and The Apostles' Creed for Today. He is also editor of The Westminster Dictionary of Theologians, published by WJK.

This is a great book on the Apostle's Creed! Its more in depth than Adam Hamilton's book on the creed (which is a good study material as well), but it is also accessible to the non-academic. But then that shouldn't be surprising because that's the way that Gonzalez writes.

A group of ten adults is reading and discussing this book on Sunday nights. There are some in the group who are much more intelligent and learned on the background of the historical context than I. I trust them when they say that this is a great book from a great author to study. However, it is not light reading. I would probably not get from the book what I am getting from just reading it by myself. It is a great study book.

Interesting analysis of The Creed I enjoyed reading it.

This well written book is excellent to use as a group study/discussion guide. The writing is clear and exhibits clarity and accuracy. I am acquainted with some other works by this author and can highly recommend his writing.

My church small group is using this wonderful book as our first study book this fall. Though we have just begun, we find the questions at the end of each chapter help us to focus not only on our reading, but also on our group discussion. We look forward to considering more of the "For Today" series in future studies.

needed this for school but actually a good book

Used for small group study. Perfect.

Everything was fine.
