Bach: The Mass In B Minor

Synopsis

In this book George B. Stauffer explores the music and complex history of Bachâ™s last and possibly greatest masterpiece. Stauffer examines the B-Minor Mass in greater detail than ever before, demonstrating for the first time Bachâ™s reliance on contemporary models from the Dresden Mass repertory and his brilliantly innovative methods of unifying his immense composition. Musicians, music scholars, students, and music lovers will find in this engagingly written book a wealth of information about Bachâ™s extraordinary choral work. Stauffer surveys the roots of the Mass Ordinary text and its treatment in settings known to Bach. He looks at the events that led to the writing of the B-Minor Mass and places the work within the context of the composerâ™s late style. In three deeply informed chapters, Stauffer considers the individual sections of the Mass—the Kyrie and Gloria, the Credo, and the Sanctus and Agnus Dei. The book also traces the history of the work after Bachâ™s death, addresses specific issues of performance practice, and investigates the qualities that give the B-Minor Mass its universal appeal.

Book Information

Series: Yale Music Masterworks

Paperback: 336 pages

Publisher: Yale University Press (December 1, 2003)

Language: English

Customer Reviews

"Stauffer's greatest contribution to our knowledge and understanding of Bach's Mass lies in his extensive survey of the Dresden Mass repertory....[He] also provides an extensive examination of issues of scoring, particularly relevant for the Credo section onwards since Bach's original performing parts--which would have provided many details concerning both instrumental and vocal

scoring--do not survive."

Yale Music Masterworks Series

An excellent, enlightening look at the compilation of movements we have come to know as the B Minor Mass of J.S. Bach. Highly recommended.
