Customer Reviews

The Inventions of Bach received in great shape and I'm enjoying them immensely. So simple yet at the same time displaying the greatness of Johann Sebastian himself. Ron Houser.

Quick ship; item as described.

[Update: if you are already looking at the Pierpont Morgan Library Music Manuscript version, ignore this review.]I think something in 's database is confused. I ordered this and it was NOT a facsimile of the original transcripts. It is a nicely edited and typeset. The yellow cover pictured is correct, but the description and what you see when you "look inside" this book are WRONG. Note that there is nothing wrong with this book if you want a typeset copy of the music to play. It wouldn't be my first choice since it is somewhat harder to read than other editions that I have seen, but it is certainly playable. It just wasn't what I wanted. If you want a copy of the original manuscript, go here: Two and Three-Part Inventions (Pierpont Morgan Library Music Manuscript Reprint Series)

Great condition - arrived very promptly. I'm a happy customer. Thank you.

The Editor, Mason has a few Typos... in 2-part BWV 779 in F Major, top line, first page... there is a part (I think measures 7-14..) somewhere in there he is missing a B Natural. Someone needs to re-edit this and confirm accuracy.
