California Highway Patrol Officer Exam

Synopsis

California Highway Patrol Officer Exam is up-to-date and fully revised to reflect the most recent changes in California's exam. This invaluable guide provides candidates with the edge they need to ace the exam and jumpstart their law enforcement career. As thousands of highway patrol officers can already attest, California Highway Patrol Officer Exam provides vital test preparation for California's state police exam. With the latest information and advice about each step of California's highway patrol selection process, California Highway Patrol Exam offers a detailed, realistic study plan. What's more, this thorough guide, completely updated with the assistance of an executive board member of the acclaimed California Peace Officers Association*, also includes: Two newly revised practice exams based on the official exam-plus additional instantly scored tests online with individualized feedback Targeted practice on the most commonly tested areas, including reading comprehension, grammar, writing, vocabulary, and spelling Chapters that coach candidates on how to do their best on the physical ability test, personal history statement, oral interview, and psychological assessment Tips to boost confidence and conquer test anxiety Comprehensive information on the application process and what to expect on the exam There are numerous different assessments that must be completed with satisfaction in order to become a highway patrol officer. California Highway Patrol Exam not only gives detailed information about each of the assessments, but it also provides people with something that is hard to come by for folks who are unprepared - confidence. In part, California Highway Patrol Officer Exam, is a quality test preparation review guide, because it gives people the chance to gain newfound confidence that others cannot achieve without the book. *The California Peace Officers' Association was established in 1921 and serves the needs of professional law enforcement through issue exploration, resource development, educational opportunities, and legislative advocacy.

I took it twice before this purchase, after ordering it I studied for about 2months and I passed it!!

I have been doing the CHP mentoring program now for a couple months with some CHP officers to help us prep physically for the physical test, and also the written test, and some of our mentee's told me about this study guide, it is very very helpful in preparing before the exams, you just gotta be dedicated to preparing yourself. This is a great guide to have, you also wanna get a vocabulary and grammar guide to help brush up for your written exam too.UPDATE 5/10/15: I passed both the Written and Physical Tests, I went through the Mentor Program to prepare me for both tests and also purchased this Handbook and these really really prepared me for both tests. I did notice some parts of the handbook are a little outdated like the part that says what the physical ability test requirement is now, but I am sure that will be updated on the next book.5 stars

Bought this book for my husband and he is liking reading it so far. We did find 2 mistakes in the book #51 the answer should be A and #62 the answer should be B. Other than that good book. We'll see how we do on the exam next month.

lots of useful info

I don't like it. It's a lot worse than I expected.I won't buy it again next time.Disappoint.

This book was awesome! I took the test 3 times prior to this and failed! I heard about the book, bought it, read it and passed!

I needed this book because I have an upcoming CHP test in a few months, the delivery time took a lil longer than expected and it wouldn't let me track the book. I contacted the seller about my order and he responded back right away, that same day I received my book. It's really good study material for the CHP test, I'm going to feel much more confident and prepared when I go take it.

Great on time delivery from shipper. The book breaks everything down. I attended a CHP seminar and although the Sergeant said it was a bit outdated, it's still a great book to have. Sample application, two sample exams, and every part of the exam is broken down for the reader. This book is a great buy!
