Customer Reviews

'Warrior brings her narrative to life with a number of fascinating extracts from Roman literature and inscriptions. There is also an abundance of informative illustrations in the book.' Arctos

This book provides an introduction to the religion and religious practices of ancient Rome.

Examining sites that are familiar to many modern tourists, Valerie Warrior avoids imposing a modern perspective on the topic by using the testimony of the ancient Romans to describe traditional Roman religion.

Warrior does a very good using examples to explain Roman religion. Especially for someone who is new to this area of history. It isn't overwhelming with details, but it has enough to get the main points across. A very well rounded, basic book on Roman religion and good basis point for anyone looking to understand it.

Well written and researched

In 129 pages, Ms Warrior does an excellent job with an introduction to Religious Life in Ancient Rome. She covers the major aspects of religion and how it worked for the Romans without getting bogged down in the immense details. It enlightens and alludes to the depth of information about Roman religion while keeping a very readable text and avoiding many pitfalls of academic writing. An excellent read!

this is a sourcebook of short excerpts relating to various aspects of Roman Religion, including astrology, sacrifice, the role of the family cults, and the like. I found the selection to be good and the translations accessible. I think this is a very helpful book on the subject. Highly recommended.
