Standard Catalog Of World Paper Money: Special Issues (Standard Catalog Of World Paper Money Vol 1: Specialized Issues)

Synopsis

The demand for collectible world paper money continues to grow, and the ninth edition of this definitive resource for specialised paper notes is completely updated and expanded to reflect the most current values and new varieties. Comprehensive coverage includes Central and South American provincial, private and commercial bank issues; foreign, military, provincial and early Communist bank issues of China, European Colonial and Worldwide Revolutionary issues, and numerous other notes. Over 8,500 photographs aid in the identification of over 17,500 notes. Values for each note are listed in up to three grades of preservation for a total of more than 52,000 prices. Additional information includes international grading terminology, foreign exchange rates, dating charts and standards, and international numeral systems. Numerous historical facts and illustrations are provided.

charts and standards, and international numeral systems. Numerous historical facts and illustrations are provided.

This is a very comprehensive book on various special currency pieces from all over the world. A must for any collectors library.

This is an excellent book for persons collecting paper money in general. Volume 1 is the most interesting of the 3 volumes and has decent sections even for special areas like the Mexican Revolution and so forth.

Great addition to my library of references to paper money. Excellent quality.
