not bad, still working on it.

the practice questions were really similar to the actual test. I did well on the test and think it was mostly due to this study guide

I scored high and that is all that I need to say. It was really helpful and this was well worth the money spent to purchase it!

This exam is sure to be a passing one. I have studied every day that I possibly could and so far I am confident that when I go in to take my exam I will pass it. This is an amazing feeling as I do not have to worry that I might fail.
