Customer Reviews

I never knew there were that many ways to enjoy a beverage in my AeroPress. I haven't tried all of them, but I've gotten some great ideas.

Having been a Coffee lover for many years, and more recently an at-home coffee roaster, I've read many books on the subject. Being new to the Aeropress, I was excited to see the book. There's a good overview of brewing techniques and nuances. The best part, though, are the recipes! Often these books have a couple of basic recipes without alcohol, and a variety with. Not this book. Being a tea toatler (or coffee toatler) I don't need the cocktails but there are soooo many non alcohol drink and dessert recipes. I didn't bookmark every page, but looking forward to trying many of these out!

Great book, for coffee lovers
