## Customer Reviews

I'm a big fan of the Law in a Flash series. These cards make for a great supplemental study aid. The best feature, in my opinion, is the "scenario" questions. These are like mini-fact patterns designed to get you thinking about one particular issue. I've found these to help get my mind around particular topics in a format conducive to an essay style exam (which all of my instructors use). I do wish that the cards had some more "concept w/definition" cards (where one side gives a word, concept, or issue, and the answer side has a rote definition), but it's not a major issue. I also do think that in this particular series (CivPro) there was a bit too much repetition. Honestly, I believe they could have pared it down to one box if they tried hard, but maybe having that repetition is useful to some.

These flash cards are extremely useful for going through the in and out of procedure. Lots of hypos and covers the landscape of the material well. Occasional humor keeps it lively. Expensive but worth it.

I bought these flash cards for contracts, torts, and criminal law, loved them all. They really help with both memorizing black letter law, and applying it to fact patterns. I will continue to purchase throughout law school.

Great, humorous hypos to help practice rule application. Good, brief restatements of rules. Very helpful for exam preparation this semester.

I was struggling with Jurisdiction and these cards helped alot. No only do they quiz you but give you explanations so you can use it to review easily.

excellent condition

Great hypotheticals to simulate discussion or test prep. Would highly recommend to other 1Ls hoping to do well on their exam.

Great tool.
