Vinland Saga Vol. 9

Synopsis

Fighting for a Future -- Thorfinn and his crew are on their way to Greece, the first leg of their expedition to Vinland. Having landed near Bergen, in Norway, Thorfinn is attacked by a bear, only to be saved by a fierce huntress named Hild. While sharing a meal together, Hild recounts how her village and family were massacred many years ago—a story Thorfinn knows quite intimately. Now, Thorfinn must face Hild and his own violent past in order to press forward. As his journey progresses, Thorfinn encounters more factions that do not share his vision, and a war in the name of Vinland may be looming on the horizon.

Customer Reviews

Vinland Saga is my number one favorite series of all time. The characters are amazing and Thorfinn's progress of becoming a new person is very interesting and touching. Sure this book was mostly about Hild, but progress was made in the overall story and it was very entertaining.

Is still my favorite manga series of all-time!

This is the 9th Omnibus collection of Vinland Saga and was just as wonderful as previous installments in the series. The detailed artwork, story, and characters are amazing. This is my absolute favorite manga series of all time. In this series we learn more about Thorfinn's past after meeting Hild, a young woman whose whole life was shaped by Thorfinn's past actions. Thorfinn is desperately trying to continue his quest to create a peaceful place to settle, however he keeps getting drawn into events and politics from his past. Thorkill is also in the story quite a bit and we see how he is going through war withdrawal (which is actually kind of funny). We also run into Floki again and are caught up on the political troubles of the region. The illustration continues to be very detailed and just amazing. I am always impressed by how much research and historical background are included in these books. The characters are amazing and the story is absolutely engrossing. Overall another absolutely fantastic addition to this series. I absolutely love this graphic novel series and continue to be amazed at the consistent quality of each volume. I recommend this series to everyone, it's just so well done!

Gave it four stars instead of five since the first half was kinda boring. The story is still interesting even though the main character has become a pacifist earlier in the series. I hope the next volume moves quicker, the first half of this one was like watching DBZ, where a battle gets drawn out over six chapters.
