Grassroots With Readings: The Writer's Workbook

Synopsis

Using her unique M-A-P approach (Model-Analysis-Practice), Susan Fawcett's books have guided hundreds of thousands of students through the writing process, from foundations of grammar, mechanics, and spelling through writing clear sentences and well-organized paragraphs. Her inductive approach; plentiful, high-interest student models and practices; and contemporary readings engage and motivate students. This new Eleventh Edition of GRASSROOTS triples the writing coverage-with new Chapters 5 and 6, "Thinking Through the Writing Patterns." Also featured are new critical-thinking and viewing assignments throughout; eight fresh reading selections focused on issues and ideas, not narrative; and a new emphasis on academic and third-person writing.

Writing & Composition

Customer Reviews

Susan Fawcett is the author of two market-leading college composition textbooks: EVERGREEN: A GUIDE TO WRITING (11th Edition) and GRASSROOTS: THE WRITER'S WORKBOOK (12th Edition). Both texts have won the peer-juried McGuffey Award for sustained excellence, presented by the Text and Academic Authors Association. Ms. Fawcett holds degrees in English Literature from Ohio University and Columbia University; her honors include a Fulbright Fellowship to Birkbeck College, University of London and a Woodrow Wilson Fellowship. She found her calling as a Professor of English and Director of the Writing Lab at Bronx Community College, City University of New York, where, dismayed that existing textbooks didn't help her students learn, she began

creating her own worksheets that soon became GRASSROOTS. Ms. Fawcett gave up her tenure to write full time--textbooks, poetry and articles on education and health. She has led faculty workshops throughout the United States and in South Africa.

very satisfy

Mine was used but still was able to use for college and was a reasonable price. Only thing is that you have to return it back

I like this book because is beneficial, you can use it on all your electronic devices whenever wherever to keep in touch of your learning

Kind of misses the point of saving money on the book if there are pages missing/ripped from it. Was docked points on my grade for this class because I couldn't do the assignments that required those pages. Not happy.

Great

Great book. If you know someone who's out of school for a while the should get this book. I got it for a family member. It was a required read. He loves it.

didnt tell me it was the teachers book

- Great previous care taker.- Super affordable- Awesome convenience
