## **Customer Reviews**

This test prep book was jointly created by the editorial staff of IES Publications, a company based primarily in Metuchen, NJ. The company is headed by Khalid Khashoggi and Arianna Astuni, who together have spent the past 15 years leading students to massive score increases, perfect SAT and ACT scores, and acceptances to the highest-ranked American and international universities.

Bought this for a high school college bound student to use for the IES review course which is operated by Khalid Khashoggi.

Great review book, but what does POE stand for?

Updated. Answer explanations provided. Thanks.\*\*\*\*\* Old review\*\*\*\*\*This book totally confused my daughter. She has been scoring well on actual College board SAT Practice tests and Khan Academy. When she started doing practice tests from this, she got confused on most of the questions. Trying to make sense of the answers was very frustrating as well since no explanation is given. We went back to Khan Academy for more practice questions. The topics covered are too shallow to provide sufficient understanding of the topic. Note to authors: Please provide detailed explanation of each question just like your reading books
