Keith and Thomas Waterbrook-Clyde have collected and written about Limoges porcelain for many years. This is their second book about Limoges for Schiffer Publishing, Ltd.

Disappointed. A set of good quality photos with multiple incorrect estimates will illustrate an example - look the photos: pg.24 transfer decorated charger by Maas (this is not great rarity, Maas's decorated pieces aren't high quality and aren't interesting for serious collector) - \$300+ & wonderfull and rare charger by Dubois the same \$300-400+? Are you kidding?pg. 27 - plate with dog by one of the famouse and most valuable Limoges artist - GOLSE (not Golie) \$150-170? LOL - wish I find this plate for this price... etcActually, don't understand what is the target audience for this

Book: Definitely not for experienced collectors but for beginners- there are too less information May be it will be interesting for vitage box collectors? Don't know

Got this book for my wife and she liked it. Was helpful.

I love Schiffer, but I prefer Debby DuBay's books Antique Limoges at Home and Living With Limoges.

This book has too many new and common pieces.
