Customer Reviews

I have heard of Etsy before but never had the chance to try it on my own then I stumbled upon this book which got me more curious on trying it. It guides you on everything you need to know about Etsy - from creating an account, selecting a username, collecting sales tax on your sales, and everything. The main essence of the product is to connect global entrepreneurs for selling what they make and for shoppers who are looking for unique products. It also guides you on what and what not to sell on Etsy. Perfect guidebook!

This guide is very helpful. It contains everything you want to know about how to create your account, how to collect sales tax, strategic marketing techniques, how to interact with members in forums and more. If you plan to start a business on Etsy, I recommend this book. Etsy has been a new place to sell or buy things and a lot of people are using it nowadays.

Etsy is an online marketplace where people from across the globe can interact with each other and engage in activities of buying and selling handmade crafts and goods and vintage items. Very practical and useful guide into selling your crafts online, primarily aimed at Etsy marketplace, but can be adapted to any of the online sites. It covers the essentials of getting started, right down to listing your products. This book would be best for people new to selling on Etsy. It gives a nice overview of starting an online Etsy business.

Before I read this book, I had no idea what ETSY was nor how it works so I looked it up. Now that I had an idea on what ETSY is I found the book to be truly helpful on how beginners can get started on building their businesses here. All the steps are provided and the do's and don'ts as well. All that I could comment about this book is that it should have a brief introduction and background on what ETSY is and how it started, so that true-blood beginners like me would be able to know all about it through this book alone.

This book plays an important role in your goal to know more about ETSY. Inside are thorough explanation on things about ETSY. It starts on the basics that you can master so you won't get lost along the way. You will also learn strategies on how to promote your products on ETSY. Keeping

your account safe and secure is also being encouraged by the author so she has given tips on how to do it. This will also help you identify which products are best to sell on ETSY and which are not. Marketing, payment method, forums, etsy chatrooms and more in this very nice book.

I bought this book to learn more about ETSY, because I heard a lot about it. As a beginner, I can say that this book does help a lot! It provided me with all the information I needed, and it's very interesting and well-written. Divided into four chapters, it covers many things, from choosing a user name for your ETSY account, to pricing your work for your ETSY business, timing your ETSY post and ETSY's Do's and Don'ts. I learned a lot about ETSY and how to make good profit from it.

This book is essential if you want your Etsy shop to thrive because it is packed with information for those who are into any type of craft and want to sell it on Etsy. If you are trying to determine which book to buy on this subject buy this book you won't regret it. This book is priceless it's the best source of information that I've encountered thus far about Etsy. I highly recommend this book to anyone looking to make more income and express your creativity.

Getting started with Etsy has never been this easy! With this book I've learned how to start an Etsy store from scratch. And I liked that the author is very detailed and I find his advice very clear. The strategies he outlined here will prepare you, will make you stable and will make you smart to get more profit out of your business. This book is a great pick for beginners and experts!
