Customer Reviews

The Mnemonics are ok, but not great.

SOOOO worth the money! It is a cheap product for nursing students to buy who are broke :) very helpful!

Good nursing mnemonics. Only a few were a bit of a reach to make work for me; most of them seem like they will be helpful.

Nice learning tool. Several spelling mistakes, sometimes I wish there was a little bit more detail explaining some of the mnemonics.

Helpful

I couldn't put this book down!! Straight and to the point. Very helpfull. Just wish pictures were in color (for my inner child). Exactly what I needed

My friend who is entering Nursing School loved it! I glanced through it, and knowing nothing about medical, I think it would have been very useful even for a layman.

Great for Nursing Review. This book is so informative and I loved the fact that not only do you get the Mnemonics to help you remember the content, but the extra bonus of explanation of the facts that are short and sweet. Would recommend this book to anyone getting ready for the NCLEX.
