American Diplomacy: Sixtieth-Anniversary Expanded Edition (Walgreen Foundation Lectures)

Synopsis

For more than sixty years, George F. Kennan's American Diplomacy has been a standard work on American foreign policy. Drawing on his considerable diplomatic experience and expertise, Kennan offers an overview and critique of the foreign policy of an emerging great power whose claims to rightness often spill over into self-righteousness, whose ambitions conflict with power realities, whose judgmentalism precludes the interests of other states, and whose domestic politics frequently prevent prudent policies and result in overstretch. Keenly aware of the dangers of military intervention and the negative effects of domestic politics on foreign policy, Kennan identifies troubling inconsistencies in the areas between actions and ideals "even when the strategies in question turned out to be decided successes. In this expanded sixtieth-anniversary edition, a substantial new introduction by John J. Mearsheimer, one of America's leading political realists, provides new understandings of Kennan's work and explores its continued resonance. As America grapples with its new role as one power among many "rather than as the indispensable nation "that sees "further into the future" Kennan's perceptive analysis of the past is all the more relevant. Today, as then, the pressing issue of how to wield power with prudence and responsibility remains, and Kennan's cautions about the cost of hubris are still timely. Refreshingly candid, American Diplomacy cuts to the heart of policy issues that continue to be hotly debated today. "These celebrated lectures, delivered at the University of Chicago in 1950, were for many years the most widely read account of American diplomacy in the first half of the twentieth century. "Foreign Affairs, Significant Books of the Last 75 Years

Book Information

Series: Walgreen Foundation Lectures

Paperback: 192 pages

Publisher: University Of Chicago Press; Enlarged edition (June 21, 2012)

Language: English

ISBN-10: 0226431487

ISBN-13: 978-0226431482

Product Dimensions: 5.2 x 0.7 x 8.5 inches

Shipping Weight: 8 ounces (View shipping rates and policies)

Customer Reviews

• (New York Times) "A classic foreign policy text." (Washington Post Book World) "The best short summary of the subject." (Henry A. Kissinger 2011-11-13) "Part of what makes Kennan so compelling is the sheer beauty of his prose—few other historians come close to matching its gorgeousness, which seems to come from his deep reading of great works of fiction. But what makes us go back to Kennan's works decades after the Cold War are his enduring insights into American foreign policy. . . . To profit from his genius, American Diplomacy is the best place to start." (American Conservative 2013-06-13)

George F. Kennan (1905–2005) was former ambassador to the Soviet Union and Yugoslavia, and professor in the School of Historical Studies at the Institute for Advanced Study in Princeton.

George Kennon is a gifted writer and a forward thinking theorist. His influence in American foreign policy during the Cold War is likely a major contributing factor to the eventual defeat of Russian Communism.

Excelent book.

Required reading for anyone interested in Foreign Policy in the United States. Also an excellent primary piece of academic history.

Good condition

It is full of advice which was clearly reasoned and much neglected at high cost to the US. Very clearly reasoned.

fast and good!

The 2012 "expanded" edition does not appear to have anything by Kennan that was not in the earlier 1984 edition, so if you have that, or have read that, you would only be interested in this for the lengthy "substantial new introduction by John J. Mearsheimer."

I expected better.
