## Synopsis

Including more than 60 elegantly photographed recipes, *Pierre Hermé Macaron* is the definitive guide to macarons. The uncontested leader of French pastry chefs, Pierre Hermé has made the macaron one of the most coveted, sought-after desserts from Tokyo to Paris to New York. In this comprehensive look at the beloved pastry, the classics such as vanilla and chocolate are explored alongside Hermé's masterful inventions. His entirely original and inspired flavor combinations—such as cucumber and tangerine, wasabi cream and strawberry, and hazelnut and asparagus—make it clear why Hermé's macarons are famous the world over. The genius pâtissier's best macarons, including many of his newest recipes, are revealed for the first time in a gorgeous volume that almost rivals the beauty of the exquisite creations featured within. Hardcover includes a removable step-by-step guide to techniques used throughout the book.

## Customer Reviews

Pierre Hermé is France's top pastry chef, dubbed the "Picasso of Pastry" by Vogue. His creations, such as the Ispahan macaron (rose, lychee, and raspberry), are the haute couture of the pastry world. He has published numerous books, including *Pierre Hermé Pastries and Desserts* by Pierre Hermé.

Pierre Herme can be a bit overly complicated but he does take things to the next step. I love his Desserts cookbook and have made many of the recipes from that book. I have made one recipe from the Macaron book and look forward to making more. It is beautifully illustrated and has some

really interesting looking flavor combinations.

Wow, a complete winner. The recipes are meticulously written and are to make a batch of about 144 shells. Big recipe batches. Beautiful pictures and great explanations of everything. I've been making macs for several years, and can't wait to try out some of these recipes.

This book is gorgeous. The recipes are thorough and the pictures inside are wonderful. A nice heavy coffee table book.

Stunningly beautiful book on macarons - best I've seen. Recipes are detailed enough and photos are amazing. It's the perfect Pierre Hermé book as far as the incredible flavor combinations, which are very inspiring. Very well written and the new recipes are great to read through. Love the story at the front on how he and his business partner made these confections global.

I already make macarons so I was looking for new ideas. The book has lovely photographs and the enclosed instructions are really helpful. Lots of new combinations for me to try out.

I love this book! The recipes, while not for the beginning baker, are interesting and makes you want to keep trying to replicate what you see on the page. The process is a little more detailed than his last book which makes these cookies a little more attainable. I can't wait to make the next batch.

Beautiful ,gorgeous book. Amazing pictures. Packaging/delivery great. Since I need to age my eggwhites, starting the process today. Really hope it will work out))

Gift.
