Greek Mythology: A Concise Guide To Ancient Gods, Heroes, Beliefs And Myths Of Greek Mythology (Greek Mythology - Norse Mythology - Egyptian Mythology Book 1)

Synopsis

Greek Mythology* * *Download for FREE on Kindle Unlimited + Free BONUS Inside!* * *Read On Your Computer, MAC, Smartphone, Kindle Reader, iPad, or Tablet. Greek Mythology is an enormous field of study and a brief guide is a daunting task for any writer. The myths have a way of entwining one with another, and it is difficult to present a coherent story line without feeling one has omitted the best part of the story. Inside you will read about...â€œ What Is A Myth?â€œ The Sources Of Greek Mythologyâ€œ The Creation Of The Universe And The Godsâ€œ What Of Man? What Of Woman?â€œ The Greek Pantheonâ€œ The Trojan Warâ€œ The Influence Of Greek Dramaâ€œ Two Greek Mortal Heroes In Mythological TalesThis guide succeeds in presenting an overall sketch of the creation of the world and the battles that follow, resulting in Zeus taking his place as the supreme god and ruling the earth from Mount Olympus. It covers the creation of man, it seems, as a bit of an afterthought for the amusement of the Olympians and some of the most famous stories that have come down to us via the writings of the great dramatists of the Classical Age. There are concise biographies of the twelve gods that make up the Olympians as well as of the heroes of the Trojan War.

Customer Reviews

I am in the middle of writing a message to poets about psychoanalysis. I have picked up books on Greek mythology many times but failed to continue because all of them are too voluminous and tedious. I have decided to make my own short good summary. Then I found this succinct, clear and well organized book on the subject with everything I need to quote on my writing. I don't know why always Greek mythology is only for the famous writers and has to be complicated. This book is sufficient and even if one needs to go in details this is wonderful guide or index to begin with. I would recommend to anyone to learn about Greek mythology before you pick up any thick volume.

This book explains the Gods, mythology of the Greeks. It tells you about the 12 Olympians as well as the story of Helen of Troy, Homer and the Illiad.

Always wanted to learn about Greek Mythology. This is a great stepping-stone book, as I realized while reading through this book that Greek Mythology is way, way, way more complexed than I originally thought it was. This book sums up the basics and bare bones while leaving you an appreciation for Greek myths and eagerness to find more books (Ilyad, to name one!) to read more of the details.

This was a good read. my grandson really like it. something a little different from what we usually read but kept our interest. fast ship, packed well

Used as a reference book while reading a series with a lot of Greek Mythology references. Not easy to find what I wanted at first but in the end, for a free book, it did what I needed.

I was looking for something a bit more detailed in the Gods themselves, rather than a rough overview of the history itself. Either I didn't read carefully enough to know what the book was about or it just wasn't what I thought it was.

Fast moving yet thorough overview of the overarching characters and events in Greek Mythology. This is perfect for someone who wants to know enough to be conversant on the topic. More than just conversant, this book provides some unique tidbits that surprised and educated me. Very well

written and entertaining.

A good primer on the Greek gods. While not horribly on-depth, it does give some basics and was easy to read and comprehend.
