Customer Reviews

George Cuhaj is an 11 year veteran of KP Book's Numismatic Catalogue Division.

For example, if you look for currency from Papua New Guinea, you will find the country named but no listings. PNG has had several currency issues since 1975, but none in the catalog. If you check New Guinea, you find one example only. On the other hand, The Germany's are nearly fully covered and from interesting and satisfying. Just understand when you buy this that you may not find what you are looking for unless it's a country with lots of issues. I think the editor could do a more thorough job in coverage of notes.

Very happy with this book and the transaction.

as it should be

great informative book, great pictures

It is very hard to find good and reliable information about paper money. In some countries is even hard to find local information about it. So, I think this catalog complies with providing you with general information regarding paper money of the world.

Très bon achat, ce livre est une référence pour les collectionneurs du monde entier. Pratique et simple d'utilisation, recommandé même pour les débutants.

I am completely satisfied with the book as I use it every day as a reference. I am a bank note dealer
Thank You

This is a great resource for looking up specialized issues. For the price, it is a bargain for an exhaustive resource.
