Australian Ken Ham is one of the most in-demand Christian conference speakers in the United States. He is the executive director of Answers in Genesis, a creationist organization based in Kentucky, which emphasizes the relevance of the Book of Genesis to the life of the average person. He has authored numerous books including The Lie: Evolution, The Great Dinosaur Mystery Solved, Dinosaurs of Eden, and co-authored One Blood: the Biblical Answer to Racism and The

Answers Book.

I was totally disappointed with this book!! I was expecting answers and information. Instead I got ridiculous questions!! And if I wanted the answers I would have to go online to find them!! What a total disappointment!!

This book demonstrates that the Bible needs to be taken seriously and gives Christians answers to questions that will help them not to be afraid to challenge the secular view which is all too easily accepted as fact without really understanding how the view was formed.

Some of it is very technical, but over all very helpful.

great book

Just as good as book 1

Encouraging and faith building. Well done. Highly recommend so that you are ready to contend for your faith in a reasonable and intelligent manner.

This book will open your mind as to the flaws of what you may have been taught or what you thought you knew. It is a whole new perspective on life.

This is a great resource for those of us who want to know more about Bible validity and the science that backs up the Bible. Well - footnoted and researched. I have my bachelor's degree in Biology, have taught Science for over a decade, and I've still learned a lot from this book.
