Customer Reviews

This book is easy to learn and easy to read. Depending on the desired quantity, we can make e-juice anywhere, but we need some specific ingredients and equipment. I really enjoy the reading of this book. I recommend for this book because i found this book interesting and helpful. Hope everyone like this book.

Every recipe in this book is a nicotine recipe. Didn't want nicotine recipes. Will try some without it and see how it goes. If you want nicotine-free recipes, try a different book.

I was hoping for more recipes. But, if you're new to DIY this will be a good start for you

very informative...great recipes...enjoyed it alot

Just what I am expecting for, informative and fit for beginners like me. This is a practical way to make your own e-juice.
