Customer Reviews

I bought this for my little sisters. I used the 2011 edition of Barron's when I took the Spanish AP exam six years ago, and they've updated the book accordingly. It includes ample practice questions, grammar breakdowns, and a condensed section of verb conjugation in the back. There's a reason I swear by Barron's for AP prep-- they're easily the best in the business.

It was a good book

Excellent study guide for me & my high school students.

AMAZING !

I could not find the information about how to convert the raw multiple choice score to the AP score after taking the test
