Blade Of The Immortal Omnibus Volume 1

Synopsis

A cursed, seemingly immortal warrior aids a young girl in her quest for revenge, as the students of a brutal new sword school tear a bloody path across Japan. Hiroaki Samura's massive manga series spawned an anime run, a spinoff novel, an art book, and a live-action film! Samura's storytelling tour-de-force also won Japan's Media Arts Award, several British Eagle Awards, and an Eisner Award, among other international accolades. Intense and audacious, Blade takes period samurai action and deftly combines it with a modernist street idiom to create a style and mood like no other work of graphic fiction. *Blade of the Immortal Omnibus Volume 1* contains the first 3 volumes of *Blade of the Immortal* by Dark Horse. "Samura's work will thrill you, engage you, and even horrify you like no other artist working in film or print today." -Geof Darrow

Hiroaki Samura is a Japanese writer/illustrator and creator of *Blade of the Immortal*, as well as several other short works. He has also done various illustrations for magazines.

Love it, it's similar to the neon Genesis Evangelion omnibus form which people say is the definitive way to read Eva instead of the single volumes, you could say the same for this release over time if anything

I kind of wish they would have at least made it hard covers similar to how Vinland Saga is being

released. But this is a good cheap way to own the series.

This rerelease omnibus of Blade of the Immortal compresses the first three volumes of blade into one nicely sized book. The art is fantastic, while the story is engaging and interesting. This is a great addition to my book collection because I have never owned a physical copy of the series. That being said, if you already own the original prints, there is really no reason to purchase this. Dark Horse didn't change anything from the original releases, the translation is the same and it's a still in the original dark horse left to right flip (with odd mirrored and retained artwork). This could've been a prime opportunity to release the manga the way it should be. If this contained something like color pages, or extra material this would make it a must have for fans who already own it. If you already own the original prints you shouldn't bother with this rerelease. But if you don't, this is a nice affordable way to read a great series.

A gorgeous collection of the first chunk of Blade of the Immortal! Good on Dark Horse for making these, they need to do this for more manga!

Really high quality book. The pages are nice and the binding is solid. This is my first time reading Blade of the Immortal and while I'm not very far yet, so far so good. The story is interesting and I really like the art style. Keep in mind that it can get pretty graphic and there are some mature themes, so I wouldn't suggest for younger readers. If you're interested in reading this series, I would recommend going the omnibus route.

So glad these are coming out. Especially since the single volumes are so hard to find that aren't crazy expensive.

Great manga, amazing art, cost effective omnibus. If you like wolverine and tarantino, you will like this.

Great read and beautiful artwork.
