Customer Reviews

So many varieties of Paper Money,,,This book has them covered,,,Nice Pictures,,,Easy to
reference,,,Thanks

It's an ok book for the price and I do recommend this for anyone .

Good starter book on currency. As with most guides, the valuations are too high so they should be used as a relative price guide only, not an absolute on note values. This version of the Red Book is easier to use for beginners because it is primarily organized by note value (\$1; \$2; \$5, etc.) rather than by note type so it is easier to find notes quickly in it.

I gave it to a friend as a gift and he is very satisfied with it

Great book at a great price.

Just what I needed.

Good book. All you need to determine the value of US paper money

Too small, not enough Info.
