Qatar: Sand, Sea And Sky

Synopsis

Qatar occupies a thumb of land that extends off the Arabian Peninsula into the Persian Gulf. This nation, though small in size, represents more than a strategic geographical location-it is uniquely beautiful and culturally rich. *Qatar: Sand, Sea and Sky* is an overview of the country and its journey into modernity while it preserves the duality of its culture as a desert by the sea. Stunning photography pairs with informative and personal text by the wife of the most recent United States ambassador to Qatar to give Westerners traveling to Qatar on business or for World Cup preparations an inside understanding of this moderate Muslim country and the way it attempts to become modern and engaged with the world without losing its heritage. It includes an introduction by Sheikha Al Mayassa bint Hamad bin Khalifa Al-Thani, current chair of the Qatari Foundation Reach Out to Asia and daughter of Sheikh Hamad bin Khalifa Al-Thani, the current Emir of Qatar.

Customer Reviews

Diana Untermeyer worked in the White House during the George H. W. Bush administration and at the Christ Church Cathedral in Houston before moving to Qatar as the ambassador's wife. There she forged strong relationships with the ruling family through their mutual love of horses. This book is endorsed by many of the major institutions affiliated with Qatar.

Qatar: Sand, Sea and Sky captures a vibrant desert kingdom on the cusp of change. The text and pictures show both old and new Qatar. The images are all the more gripping because "new Qatar" dates only to 1996. The author, Diana Untermeyer, had the unique perspectives that come from

being an accomplished horsewoman who participated in Qatari endurance races, and also the wife of the US Ambassador to Qatar. Don't miss this!

An amazing book written with such understanding and appreciation of the people and country. I travelled to Doha November 2013 and first saw the book in the Islamic Museum of Art. It stuck in my mind and became my Christmas present of choice to my closest friends.

I was entranced by this beautifully designed, illustrated, and written portrait of a country most of us have never thought of visiting. Perhaps some readers will now aspire to make that visit. I was there briefly in 1968, when Doha was a dusty backwater, and thanks to this book, long to see it again today.

The pictures are splendid. Surprising for a "coffee table" book, the text is also very informative. You can't stop reading!

Nice reminder of our time in Qatar!

Great buy!

very beautiful book, superb photos, excellent description of Qatar

Bought as a gift for my son, who had just been there. He was impressed by the wonderful pictures. It is a beautiful " cocktail table" book
