Learn How to Quickly Solve Difficult CLEP Test Questions Here's a little "secret" about the CLEP test: the CLEP test is what we in the test preparation field call a "content driven" test. While some tests are looking to see what you are ABLE to learn, the purpose of the College Level Examination Program (CLEP), offered by the College Board, is to test your understanding of what you have already learned. The goal of the CLEP test is to use a standardized testing process to create an objective assessment of a test taker's knowledge and skills. In other words, it's more about what you know than your ability to solve clever puzzles. This is good news for those who are serious about being prepared, because it boils down to a very simple strategy: You can succeed on the CLEP test by learning critical concepts on the test so that you are prepared for as many questions as

possible. Repetition and thorough preparation is a process that rewards those who are serious about being prepared, which means that succeeding on the CLEP test is within the reach of virtually anyone interested in learning the material. This is great news! It means that if you've been worried about your upcoming CLEP test, you can rest easy IF you have a good strategy for knowing what to study and how to effectively use repetition to your advantage. But it also creates another set of problems. If you tried to memorize every single possible thing you can for the CLEP test, the field of possible things to review would be so huge that you could not hope to cover everything in a reasonable time. That's why we created the CLEP Exam Flashcard Study System: we have taken all of the possible topics and reduced them down to the hundreds of concepts you must know and provided an easy-to-use learning method to guarantee success on the CLEP test. We wanted this system to be simple, effective, and fast so that you can succeed on your CLEP test with a minimum amount of time spent preparing for it. --Here Are Some of the Features of Our CLEP Exam Flashcard Study System

Study after study has shown that repetition is the most effective form of learning- and nothing beats flashcards when it comes to making repetitive learning fun and fast. Flashcards engage more of your senses in the learning process- you "compete" with yourself to see if you know the answers to the questions, and the flipping action gets you actively involved in the learning process. Our cards are printed on heavy, bright white 67 lb. cover stock, and are laser printed at 1200 dpi on our industrial printers- these are professional-quality cards that will not smear or wear out with heavy usage. We cover the major content areas on the exam. Our flashcards include an edge that is micro-perforated, which means that you are much less likely to have a painful papercut on your fingers when moving quickly through the cards. Our cards are portable, making it easy for you to grab a few and study while waiting for the bus or the doctor, or anywhere where you have a spare moment that would otherwise be wasted. Our CLEP test cards are written in an easy to understand, straightforward style - we don't include any more technical jargon than what you need to pass the test. The cards are a generous size- 3.67 x 4.25 inches- they fit perfectly in your hands and they aren't so small that you have to use a magnifying glass to read tiny type- all questions and answers are in a normal-size print for easy studying. Our cards include in-depth explanations- you won't see any "one word" answers on our cards that require you to go get a textbook to understand why your answer was wrong- all of our cards include generous, thorough explanations so you not only get it right or wrong- but you also know why! We use a font created by Microsoft to make reading easier- this will enable you to absorb more information painlessly during late night study sessions. Our system enables you to study in small, digestible bits of information- unlike using boring textbooks, flashcards turn learning into a "game" you can play until you've mastered the material! It's

easy for a friend to help you study- they don't even have to know anything about the CLEP test- if they can read, then they can quiz you with our flashcards. Now, let us explain what the CLEP Exam Flashcard Study System is not. It is not a comprehensive review of your education, as there's no way we could fit that onto a single set of flashcards. Don't get us wrong: we're not saying that memorization alone will automatically result in a passing CLEP test score- you have to have the ability to apply it as well. However, without the foundation of the core concepts, you cannot possibly hope to apply the information. After all, you can't apply what you don't know. CLEP Exam Flashcard Study System is a compilation of the hundreds of critical concepts you must understand to pass the CLEP test. Nothing more, nothing less. --If you think there's even the smallest chance that these flashcards will help you, you owe it to yourself to try them out. Don't let fear or doubt stand in the way of your opportunity to achieve the test score you need to fulfill your dreams.

I'm conflicted with what to say in this review. I really like the company; they were very communicative and tried to establish a good repertoire with me as a customer. Their customized approach in all of their correspondence made me feel appreciated as a customer. Having said that, I really wanted to like the product but I was disappointed. There is so much information on the flash cards that it was more like having a textbook split into cards. The information is useful but flash cards are supposed to be concise for easier study and retention...which these are not. The cards are printed on quality paper and the information is both accurate and helpful. This easily would have been a 5-star review if the information had been presented more appropriate to flash card format. Pros: A wonderful company who makes their customers feel appreciated; a lot of useful information. Cons: TOO much information makes it difficult to study and retain.

I purchased this product to prepare for CLEP American Government exam. I also purchased a textbook. Although I have not yet taken the exam, after receiving the flashcards, I realized the detailed explanation on the cards may be enough content to successfully pass without additional purchases. No you can not adequately study this information in 3 or 4 days! Yes I would definitely recommend this product!! Very thorough!

excellent

These study cards come in a booklet and you tear out each flash card. The cards tear out quickly by the lines but it can be a little tedious to rip the cards however. However, the information on the cards

cannot be beat. I like the way the information is written on the flash cards. The company is not trying to put a textbook on the card but there is still a substantial amount of information. I feel this is a great source of review for anyone who wishes to CLEP out of an introductory government courses.
