Sons Of Anarchy: The Official Collector's Edition

Synopsis

Go inside the clubhouse and behind the scenes of the #1 smash hit FX television show "Sons of Anarchy" with this official book, the only one officially sanctioned by the show's creator and FX, which offers the definitive insider's guide to all seven seasons, including the series' memorable final episode. Sons of Anarchy: The Official Collector's Edition is an awesome tribute to the Teller-Morrow family. Inside you'll find: An introduction by and interviews with Kurt Sutter, series creator on how the show came to be. Revealing interviews with the cast, including Charlie Hunnam (Jax), Katey Sagal (Gemma), Maggie Siff (Tara), Ryan Hurst (Opie), Theo Rossi (Juice), Kurt Sutter (Otto), and more. "Creating the Chaos:" an all-access tour of the sets, the bikes, the tattoos, and much more. The actors' most memorable scenes and moments, in their own words. An oral history of the pivotal Season 6 finale "A Mother's Work." A look back at Season 7, the series' end and the Teller family legacy. Complete with a deluxe package, and hundreds of striking full-color photographs throughout, Sons of Anarchy: The Official Collector's Edition is the must-have book for any "Sons of Anarchy" fan.

For any die hard SOA fan, this "coffee table" book is a must have. It is a great tribute to the show with a bunch of goodies inside. There are interviews with the shows creator, cast interviews with the actors who played Jax, Gemma, Tara, Opie, Juice, and more. In depth insight on the bikes used, character tattoos, and important episodes. Without giving anything away, the reader receives a lot of insight into the "mythology" of the show and insight on why things played out the way they did. Not to mention you get a lot of nice full color photos. According to all the hype, it is the only book or companion guide sanctioned by Kurt Sutter, the shows creator. I don't think this book could have been done any better, to be honest. Two hundred pages of "goodies" lay within. Even though the show is over, this will tide me over for awhile. At least until I get the itch to watch all seven seasons over again. Highly recommended for the true SOA fans!

Amazing companion to the series! Any true fan of the show will love and very much enjoy this book. I'm not quite half-way through but all of what I've read is interesting and engaging. Not the same old things you read in interviews and online, excellent execution and intriguing back stories. I'm also impressed with the quality of the book. Very nice hard cover with embossed logo. The pages are very thick and sturdy. Great printing, colors, high quality photos and stills from the show. Very well put together. Also at less than half price I was thrilled to gift this to myself :)***UPDATE***It gives a short rundown with the enemies of SAMCRO, Zobelle is nowhere in the book. I found that quite odd. Weston and Polly are both mentioned but no Zobelle anywhere at all.

I wouldn't miss having this, as a fan of everything SOA. I rode my Harley out to California from Minnesota for the Season 7 premiere, to watch the red carpet from across the street. To go peek at the Teller-Morrow set. To watch Katey's star ceremony and concert with The Forest Rangers at the El Rey Theater. I wish I could have had this book then but of course, that would have spoiled the drama of the season unfolding. I did have the SOA Insider magazine which has some of the same information through Season 6. This has much more detail and includes Season 7. I've ended up collecting some cast autographs in each but I'd like to get them all in this book. Anyway, I love this as it stirs many priceless memories. There's some intangible joy in this show and cast which gives me a comfort no other has. Details - it is a hard cover with many lovely photos. It contains everything in the magazine official series guide (96 pages) plus more, it is over 200 pages. It has additional

sections including more from Kurt Sutter, characters sections including Clay, Tara, Opie, Piney and Unser. It adds much more to the behind the scenes information on how the show was produced, with sections on tattoos, makeup, costumes, and music. And of course, it adds a detailed section on season 7.

I'm obsessed with Sons of Anarchy. Enough so that I wanted to learn more about how the series came to be, what its influences were, and what the back stories were for each character. This guide is a very hefty book that is packed with all of these details and more, including insight from the costumer, actors, people on set and of course Kurt Sutter himself (Big Otto). It gives you a glimpse into how Charming came to be, the nexus for SAMCRO, and the aftermath at the series end. I think this is an outstanding companion book to the series. I've read it over and over and each time I do I discover something new.

Sons of Anarchy has been one of my all-time favorite shows since it began airing. This year I decided I wanted to re-watch the series so that I could absorb more of the often complicated plot line and I wanted a companion book to go along with the viewing experience. While I wish this book was more comprehensive, meaning I wish that it had episode summaries and other analysis, this is a beautiful companion that every SOA fan should have. It takes you behind the scenes of the show, and let's you into the minds of the show's creator, Kurt Sutter, as well as many of the cast members. It provides great insight, a lot of background details, and there are high-quality photos to accompany the text. Definitely worth it.

There is no words...so sad that it's over...I will treasure this book for my whole life! :)

I've wanted this book since before it was released. The \$30 price is definitely worth it but I found it for way cheaper; used from an seller. It is in perfect condition with no binding lines at all. The book is great and informative for even fans who have seen every episode and know lots about the show already.

Any die-hard SoA fan should buy this book. It is very informative and fun. It contains details about each character, a list of SoA "vocabulary," wonderful quotes and pictures, and so much more. The cover is AMAZING and it's a pretty big book. If you were upset about the show ended as most were, this book will keep you going for a bit longer, and it's a great SoA keep sake. The price has actually

gone down since I bought it, but I would have paid 40\$ for this book, without a second thought.

Definitely recommend
