This book is an excellent idea generator for those who don't know what to do with their free time. You don't have to be retired to read it and find something useful for yourself. I like that it's separated by interests segments. James Hall gives excellent ideas and pointers to those who love nature and travel, music and being creative, to those who didn't have enough Adrenalin in their lives and desperately want to catch up on extreme activities, to those who still have love and care to spare. The book is full of ideas for hobbies, fun activities and mini careers. Anyone can find a thing or two that'll catch their eye. Easy and fun read.

This book was good, I don't think it entirely pertains to what you can do after you retire. Tons of helpful ideas especially for young adults and teens that are just thinking about what to do. Life is not the same for retiree's as they are for the younger generation. I would recommend instead of just listing off paragraphs and chapters of ideas that you might want to add links on how a person might go about doing some of the ideas that you have in the book. Other than that very well written book.

It's ok, but many of the selected items are kind of obvious, while a few of the non-obvious are so esoteric that they may only apply to a small number of readers. Also the book is a bit on the short side, I read the whole thing in less than 1h.

Very short with obvious suggestions. Most known by everyone. Are all doable though. Author has easy reading style with light-hearted banter.

Book is ok

Nice read

It's a neat book. Full of all sorts of interesting ideas for someone who has free time but just aren't quite sure what to do with it. It's great for retirement age folks, but at 37 yrs old I found a lot of great things that I would love to try or do. No time like the present! Some of the ideas are super simple and anyone can do them, others I think would be difficult or at least hard to imagine as being easy. Swim across the English Channel or Run for a cause! Bring toiletries to a homeless shelter or lend a hand to a hospice center. Start a Bingo party, gardening, cooking lessons, road trips.... Just to name a couple. Each one is described in just a few sentences or a paragraph.

I thought this book would contain some "out of the box" thinking and reveal some really unique things to do in retirement but it didn't. Very boring.
