Customer Reviews

Hirohiko Araki made his manga debut in 1981 with the Wild West story Buso Poker. He experimented with several genres, including mystery (Mashonen B.T.) and action-horror (Baoh), before beginning JoJo's Bizarre Adventure in 1986. Propelled by imaginative storylines, weird imagery and individualistic artwork, JoJo's Bizarre Adventure is one of the longest-running and most popular shonen manga ever. Araki's current works include a new series set in the JoJo universe, JoJolion.

Great continuation of the work done on the first three volumes. My only complaint is that this one has only 2 colored pages, and (it feels) not as many reddish pages like the first three volumes, but that might just be me. Other than this, the printing is excellent, the quality is definitely there, and if you're already a Jojo fan, you know how great Battle Tendency is (though I am probably slightly biased

here, this is my favorite arc;))

These are great books for this series of reprints. The hardcovers look amazing, the pages are nice and sturdy, and the full-colour sections are printed perfectly. Glad they're continuing to bring over more of the hardcover reprint volumes in English. Definitely recommended.

Great story, and the quality of the print is aces. If you're interested in the Jojo manga, these first official english adaptations are incredibly high quality, especially for the price.

This starts a new part off strong, even though there are new characters this is no where near as much build up. This may not be the best for all but I recommend staying with it.

I love the quality of this book. It's a joy to look through. I'm loving reading through Joseph's story.

This is probably my favorite arc in the series. Joseph is such an interesting and likable character. The book itself is very good quality. I am completely satisfied with my purchase.

My middle son is really into these characters. Great gift for Christmas.

Absolutely fantastic book with beautiful binding and clean pages. The translation is actually fantastic and it doesn't take away from the Jojo lore.
