Tiger Lung

Synopsis

Thirty-five thousand years ago, the world was a dangerous place to be human. It was an age ruled by ancient gods and wild beasts, where death lay only a spear-thrust away. But for the scattered tribes of Paleolithic Europe, hope lay in the shaman-warriors who stood between their people and the unknown. Tiger Lung follows the struggle of one of these shamans to keep his people--and himself--alive in an unknowably vast and hostile universe. Collecting the three-part Dark Horse Presents "Beneath the Ice" tale by Simon Roy (Prophet) and Jason Wordie, with two all-new adventures and bonus materials!

Customer Reviews

Simon Roy is currently artist and co-writer for the delightfully insane and critically-acclaimed Prophet from Image Comics, and he has also worked on shorts for Murder Book and Heavy Metal Magazine. Simon's upcoming projects include a new Image book with writer Ed Brisson. Image will also be re-releasing Jan's Atomic Heart, which was both written and illustrated by Simon, and originally self-published in 2009. The author lives in Vancouver, B.C., Canada.

I read someplace that Simon Roy & Co. were attempting to "out-Conan" the current run of Conan the Barbarian comics with Image's new Prophet series. I like their Prophet a lot but in terms of getting that Conan feeling, it doesn't succeed quite the way Tiger Lung does. The three stories included in this volume each stand on their own but are presented as part of a series with a chronological sequence (it's laid out on the map pages), and on top of the wonderfully realized

Paleolithic setting, the fantasy elements of Tiger Lung's people like their underworld and various spirits are amazing and horrifying in the same way that those little peeks Conan offered at Lovecraftian horror were. More, please!

Tiger Lung is a spectacular work of art that I highly recommend to anybody that enjoys comics/graphic novels. The artwork is phenomenal. Simon Roy's sketch-like style gives every scene a unique, simplistic charm while still having all the detail of a more traditional finished product. The stories are very well thought out and told, and the setting is novel and interesting. You find yourself wanting to know more about everything you see, and the episodic manner in which Tiger Lung's adventures in this amazing world provide endless possibilities that will inspire your imagination to soar. Simply put, if you don't own Tiger Lung you should purchase it now and treasure it forever: it's a once-in-a-lifetime ride you won't regret taking.

nice book

Weird, enthralling wonderful Prehistoric wonders! A very special comix imo!

Simon Roy creates interesting believable worlds like no one else. I hope he collects the other Tiger Lung stories in the future.

Tiger Lung will rip your face off, light it on fire, then glue it back on! It's pretty good.

Love this guys work I bought everything i could find here.

Fantastic art and story
